PROFESSIONAL SUMMARY

Software engineer with 2+ years in React.js frontend development and L2/L3 payment production support. Built a full-stack app with Node.js, MongoDB, JWT and Razorpay checkout. Skilled in REST APIs, webhooks, SQL and RCA.

SKILLS

Programming Languages: JavaScript (ES6+), TypeScript, Python, SQL

Backend & Web Technologies: Node.js, Express.js, REST APIs, JWT Authentication

Frontend: React.js, Next.js, HTML, CSS, Bootstrap, jQuery, AJAX, Tailwind CSS

Databases, Tools & Concepts: MongoDB, MySQL, Git, GitHub, Postman, REST APIs, Webhooks, HTTP, JSON, Root Cause Analysis (RCA), Production Support

WORK EXPERIENCE

Razorpay Private Ltd. (iEnergizer) ***Bangalore***

Technical Consultant *NOV 2025 - Present*

- Performed **Root Cause Analysis (RCA)** by debugging **production incidents** using **Querybook, Coralogix, SQL, application logs, and backend services**, identifying failure patterns and restoring critical merchant workflows.
- Owned **L2/L3 production support** for enterprise merchants by troubleshooting **production incidents, API integrations, payment workflows, and backend services**, consistently meeting SLA targets and resolving high-priority customer escalations.
- Debugged **payment gateway integrations** by analyzing **REST APIs, webhooks, callback payloads, HTTP request/response traces, and backend logs** to isolate integration failures, identify root causes, and reduce production incident resolution time.
- Created and shared **internal troubleshooting guides** for recurring production issues, standardizing investigation procedures, accelerating incident resolution, and improving collaboration across Support and Engineering teams.

Compugraphs Softech Solutions Pvt Ltd. ***Bhubaneswar***

Software Developer *JAN 2024 – JUL 2025*

- Engineered and enhanced enterprise web applications including CRM, HRMS, Time Management, Payroll, and Educational ERP systems, supporting 500+ users with scalable and user-centric frontend solutions.
- Developed responsive and reusable UI components using React.js, JavaScript, jQuery, and Bootstrap, improving user engagement by **35%**, reducing page reloads by **60%**, and accelerating feature development by **25%** through modular frontend architecture.
- Collaborated cross-functionally with backend teams to integrate REST APIs and asynchronous workflows, while optimizing cross-browser compatibility and mobile responsiveness, contributing to a **30%** reduction in UI-related issues and improved overall application reliability.

PROJECTS

Mixtape Kitchen – Restaurant Web Application **Live**

Tech Stack: React.js, JavaScript, Node.js, Express.js, MongoDB, JWT, Razorpay API, AJAX, HTML5, CSS3

- Built a full-stack restaurant web application with a React.js frontend and a Node.js/Express.js REST API backed by MongoDB, covering menu browsing, cart and table reservation.
- Integrated Razorpay Checkout end to end: server-side order creation via the Razorpay Orders API, payment handling on the frontend, and storing confirmed orders in MongoDB.
- Implemented secure JWT-based login with protected routes, used AJAX for asynchronous data loading, and deployed on Netlify with source code on GitHub.

Educare365 – Educational ERP **Live**

Tech Stack: React.js, JavaScript, jQuery, HTML5, CSS3, Bootstrap, .NET, SQL, REST APIs

- Developed and enhanced full-stack ERP modules for admissions, fees, attendance, examinations, HR & payroll, library, and student management, with role-based access, using React.js on the frontend and C# with ASP.NET/.NET for APIs and business logic.

BiOKnox – HRMS & Payroll Management **Live**

Built with: C#, ASP.NET/.NET, SQL Server

- Developed and enhanced HRMS and workforce management modules covering employee management, biometric attendance, leave, payroll and employee self-service, with API-driven data operations and business workflows.

EDUCATION

Birupa College affiliated to Utkal University ***JUL 2017 - AUG 2020***

Bachelor of Science - Chemistry

ACHIEVEMENTS AND CERTIFICATIONS

- **Star Performer of the Year – 2025, iEnergizer**: Recognized for **outstanding performance, consistent delivery, strong ownership, and contribution to business-critical technical operations**.
- Full Stack UI Development Certification – Naresh IT: Completed comprehensive Full Stack UI Development training, gaining practical expertise in modern frontend technologies, backend fundamentals, and end-to-end web application development.
